The fundraising activity week will be the **20<sup>th</sup> May– 24<sup>th</sup> May**, which is the last week of term.

On each day we will have a different activity taking place for you take part in; have a look at the timetable below to see what will be going on... (more details to follow shortly)

The goal of **Sudoku** is to fill the cells with numbers from 1 to 9. The numbers are placed in 9 squares, 3x3 each, thus, in each row, in each column and in each small square there are 9 cells. The same digit can be used only once in each separate column, each line and in each small square.

★ **WOW WORK!** ★

Students at Cotswold Lodge have released their baby frogs (and lots of them!) back into the pond where their frogspawn came from.

Students and staff have eagerly been watching their progress for the past few months and have enjoyed watching them develop into baby frogs.

Good Luck to all of our Year 11 Students who will be sitting their GCSE Exams over the next few weeks – we believe in you!
