## Monday 21st October 2024

Did you know that the Year 10 and 11 students recently attended a Careers Fair in Oxford, where they had the opportunity to explore a wide variety of career pathways. The students engaged thoughtfully with a diverse range of stallholders, representing companies, colleges, and courses from across multiple industries. Their curiosity and willingness to learn impressed everyone, and each student left with exciting ideas and inspiration for their future beyond Park School. The students' politeness, friendliness, and professionalism made a strong impression, and staff members were immensely proud to see them represent the school so well.
